About CyberVenture.Org

CyberVenture Org founded in 2014, has been providing a platform to connect VCs, Entrepreneurs, and professionals in information security, audit/assurance, GRC & privacy.

CyberVenture Org has **over 1000 members/patrons** and is one of the largest professionals groups in the world focusing on Cybersecurity startups. During the pandemic, our group has transitioned to offering monthly online webinars hosted by relevant subject matter experts. Members are from many different countries across the world.
